n week, I track porn movie sales from eight of the largest adult retailers and figure out the ten best-
ng films. Seriously, I have a spreadsheet with formulas and shit. The reason I do all this work is that
n I looked at all of the other Best Selling Porn charts out there (and there aren't all that many by the
)...they all sucked ass.

decided to do it my damn self. I might be a stupid, drunken waste of a human being, but I do know
. And I will say without hesitation that Die-Screaming's Best Selling Porn Chart is the most frequently

ated and most accurate chart in existence.

worth noting that the movies listed above are the hottest-selling XXX videos right now. If you're looking for a list of the top-selling smut videos of all time, you'll want to take a look at the section below. Because I have information on that shit, too!

-Time Best Selling Porn Movies...

one thing for a porn movie to spend three or four weeks on the Best Selling chart up top. It's a whole other thing, however, for a hardcore film to be ranked as one of the best-selling porn movies of all fucking

. This section is dedicated to those XXX films that have put up record-breaking numbers, making them
ething special.

WHAT IS DIE-SCREAMING?

Die-Screaming is the Internet's hardcore porn blog. It features all sorts of porn news, reviews, interviews, Top 10 lists, and a whole bunch of other stuff. If you have a thing for pornstars, you've come to the right place, homie.

Die-Screaming doesn't have any banner ads, because those things are stupid. And because the drunken madman who runs this website has no ambition and no plans to make money from it.

While other porn blogs pretend that they are important and serve as a "voice for the industry", Die-Screaming understands it is neither important or even very well written. Reading it might give you lice.

Want to advertise with Die-Screaming? Cool. [Details here.](#)

WHO WRITES DIE-SCREAMING?

Die-Screaming is owned, operated, and written by **Dan C.**, a guy who's been writing about the porn industry since 2009. To date, he has never won a single award for anything and he is widely considered to be the worst porn blogger in the history of porn bloggers.

Dan C. is a sad, broken shell of a man. He's frequently drunk, isn't all that attractive, and his pee smells like hot dogs. He spends most of his time watching porn and crying himself to sleep.

If you wanna contact Dan C. or follow his sorry ass on social media, visit [this horrible contact page](#) that he built while drunk on cough syrup.
